

The Elizabethan Academy celebrates A level students' achievements and successes

We are all incredibly proud of our A level students at The Elizabethan Academy. They have not only shown great resolve but have worked with determination and focus in order to achieve good outcomes and secure the next steps in their education. These results are richly deserved, and nothing must be allowed to diminish our students' achievements as they have worked exceptionally hard to achieve them.

Principal, Christine Horrocks, stated "Along with last year's cohort, this cohort of students are still feeling the effects of the pandemic through their GCSE's. Despite this disruption to their learning, they have shown incredible resilience and determination to reach their potential. The rewards are richly deserved. I am looking forward to them coming back as alumni and inspiring our younger students with their "can do/will do attitude.

Our Elizabethan Academy Sixth Form is flourishing year on year, and we anticipate being oversubscribed in September once again, and it is wonderful that so many of our students continue to aspire to be in our sixth form with increasing numbers moving to us from local schools in the area. I believe this is due to a combination of the breadth of our curriculum offer, including those subjects sadly no longer offered by some providers such as languages, music, and the arts. Students also appreciate the quality of teaching they receive from enthusiastic, passionate talented staff, the extensive extracurricular opportunities, and pastoral support. Our sixth-form students make a huge contribution to the school's ethos. They are superb role models, mentors, and an inspiration to our younger students, I am grateful to all our fabulous Team Elizabethan staff who have helped them reach their potential and the incredible support that parents have shown their children and the academy during this challenging year. We wish all our students every success in the future."

Lee Dainty, Assistant Principal, is pleased with the outcomes this year with students once again achieving good grades.

He stated, "We are incredibly proud to celebrate the achievements of our students at The Elizabethan Academy. This year's results reflect the unwavering resolve, determination, and focus our students demonstrated throughout their studies. Despite facing an increasingly challenging and still volatile academic landscape since formal exams re-commenced last year, they have risen to the occasion once again and secured outcomes that pave the way for their next steps in higher education, apprenticeships, and employment.

These results are not just numbers; they represent countless hours of dedication and hard work. Our students have earned every success, and we stand by them in celebrating these achievements. Nothing should overshadow the significance of what they have accomplished. Their resilience and commitment are a testament to their character and potential, and we are rightly proud of who they have become as individuals and confident they will continue to excel in all their future lives."

Notable student performances and quotes from the day:

Elsa Buchanan – A, A, B, B

"I'm dead chuffed at my results. I'm so glad I stayed here at the sixth form at the Elizabethan. I've had a brilliant time over the last two years and I'm now going on to study fine Art at Manchester Met."

Raziel Morgan – A, A, B, C

Raz was overcome with emotion and slightly lost for words and simply stated “I’m really happy”.

Quinlan Procter-Green – Distinction*, A, B, B

"I'm so happy that these results will get me into York University to study Mathematics and Philosophy."
