## What advice I would give to pupils at the Elizabethan Academy:

*My advice is to be open to opportunities. Embrace as much as you can, but most importantly, have fun! I wouldn't be where I am right now without taking chances.*

*If an open day for a college or university comes up, make sure to attend, even if it's not your first choice. You might discover that you really like it, just as I did. When an opportunity arises, seize it—you never know where it might lead you. Remember, having fun is what the future is all about!*
