# MESSAGE...

Dear Parents and Carers

Welcome to our end of year newsletter, another year for me to be extremely proud of the students and staff here at The Elizabethan. You will see why in this edition! But, it is also a chance for me to thank you for all you do to support your son/daughter in their education and helping them to be successful. We are able to achieve so much by working in partnership with parents. Please do get in touch if you would like to join our PTSA - this really ensures you have a voice and can influence the direction of the school (as well as helping with school events!). I wish you all an enjoyable summer with your families and look forward to working with you all again in September.

Best wishes, Mrs Horrocks

## 03 Wellbeing & Reading

Happy Summer everyone! It's been a fantastic year...I have loved spending time with you all and having our photos taken together! There have been so many amazing events, achievements and another year of goodbyes to our Year 11 students. Good luck to you all...go smash it!

I would also like to welcome our new Year 7s' who are joining us in September...I am so excited to meet you all and get lots of cuddles! (Hopefully). 😊

My tips for the Summer holidays are first, to always take some time to read (as always). But, remember to relax, have fun, make memories and spend time with friends/family. Also, spend time with your dogs!

Stay healthy and floofy - Enjoy your break!

**-Dylan The Dog**

**Oh, by the way...I hope you all liked seeing my face on your new notebooks and bookmarks ;)**

# YEAR 11 LEAVERS 04

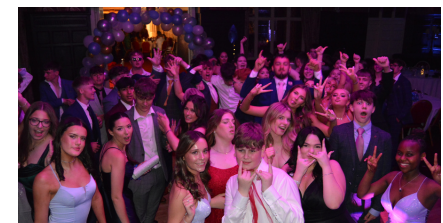

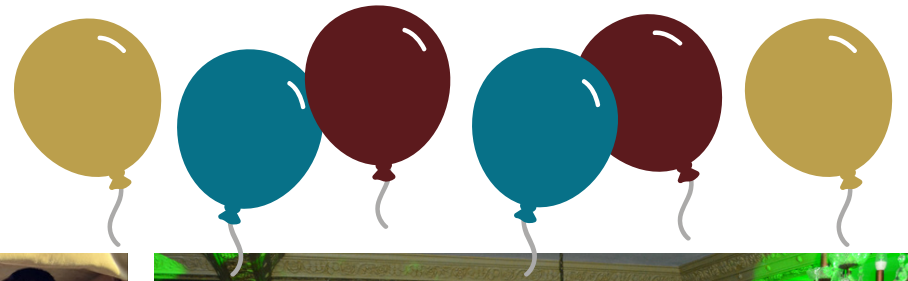

A huge congratulations to our Year 11 Leavers, Class of 2023! We are so proud of you all; you have tried your best and put the hard work into your exams, which we are positive will pay off in your results! We wish you all the best in your futures and next steps - Keep being yourselves and working hard. Farewell!

GOOD  
LUCK!

## The Elizabethan Academy CCF

It's been an incredible year for all the cadets and staff at the Elizabethan Academy CCF. We started 2022 with a busy training programme that included first aid lessons and expedition training; L98A2 and Scorpion Air Rifle instruction and Cadet Forces Instruction Techniques (CFIT) lessons for the more senior cadets. Throughout the year the cadets have been delivering taster sessions to primary school children where they taught basha building, camouflage and cooking in the field. Cadet Staff Sergeant Thorpe was appointed as the Lord Lieutenant of Nottinghamshire's Cadets and, as part of her role, attended numerous high-profile functions including a Remembrance Service in Nottingham and duties at Southall Minster.

A definite highlight of the year was visiting The Royal Lancers Regiment at Catterick Garrison in May. The cadets were given interesting instruction on the equipment and weapons that the Regiment use and were able to witness soldiers exercising prior to deployment...a truly wonderful day that the cadets and instructors are still talking about.

In June, a small group of cadet volunteers helped at a beacon lighting in Ranskill to commemorate the Queens Platinum Jubilee. The following month, 30 cadets attended Beekingham Annual Cadet Camp and took part in an excellent package of fieldcraft, military skill and ranges training that culminated in a tiring, yet rewarding, 24-hour exercise. If that wasn't enough in July, the younger cadets also successfully completed their Duke of Edinburgh practice walk, ascending Win Hill in the Peak District.

After a well-deserved summer break, we returned to training in September with 30 new recruits; expanding the contingent to 100 cadets. The fledgling cadets quickly got into the swing of things by completing a practice walk around Rufford Park and visiting The Royal

Duke of Edinburgh Expedition Practice at Rufford Park

Lancers' Museum. In the same month, ten members of the contingent gained promotion and as a treat for all the hard work that the cadets had put in over the year, we took 30 members of the contingent to Blyth Tournament Ground where the cadets let off some steam building trebuchets and taking part in archery and crossbow activities.

So, what's in store for 2023: rifle training, fieldcraft and leadership training; activities at Mill Adventure Outdoor Centre; Annual Camp at Beekingham; Duke of Edinburgh expeditions; Emergency First Aid at Work for senior cadets and a 24 hour walk to raise money for charity... exciting times.

## Guys and Dolls

We are delighted to announce that next year we will be going back to the golden age of Broadway musicals with 'Guys and Dolls'.

This classic show about gangsters, gamblers, and showgirls features some of the most beloved songs in the musical theatre cannon such as 'Luck be a Lady Tonight' and 'Sit Down You 're Rocking the Boat' and has a fast-paced script that is as witty today as...

...it was when first performed 73 years ago!

Performers from the cast will also get the opportunity to see the fantastic new production of the show at The Bridge Theatre in London which has been getting 5\* rave reviews since opening earlier this year.

**Auditions will be held in early September, and the show will be performed over 4 nights February 21st-24th 2024.**

# READING INITIATIVE

## English Department

**In the next academic year, we are taking a significant step forward in promoting the importance of reading across our entire school. We firmly believe that reading is the cornerstone of learning and personal growth, and we are committed to ensuring that all our students have the opportunity to develop their reading skills and discover the joys of literature.**

**To achieve this, we have set the expectation that all students will actively participate in reading out loud during lessons and tutor time. We are confident that incorporating reading into all aspects of their education will not only enhance their academic performance but also foster a lifelong passion for books.**

**However, we need your support to make this initiative a resounding success. As a school, we are seeking funding to provide a diverse and engaging collection of books across all year groups. These books will not only cater to different interests and reading levels but also promote inclusivity and diversity in literature.**

**If any of our parents have businesses or contacts with businesses that might be interested in sponsoring this essential investment in student reading, we warmly invite you to express your interest. Your generous contribution will play a crucial role in nurturing a culture of reading within our school community.**

**You have the power to make a difference with just £5 by sponsoring one book, £160 by sponsoring a form, or a transformative £1280 by sponsoring an entire year group's reading journey. Your support will ignite the love for reading and learning within our students, shaping their future in the most meaningful way.**

**Please find the Microsoft form attached, where you can let us know how you may be able to help. Your support will make a significant difference in shaping the educational journey of our students and enriching their lives through the power of reading.**

**Reading Initiative Form**

**Together, we can create a brighter future for our children.**

# ATTENDANCE MATTERS

26

One of our whole school priorities next year is to improve attendance and we have increased capacity in our attendance team to enable us to complete more home visits where a student's attendance is causing concern. We have timetabled a fortnightly attendance strategy meeting to ensure we are supporting and intervening consistently and effectively where there is a need. We have increased the rewards for excellent attendance but the biggest reward for attending school every day is that your child has no gaps in learning, knowledge and understanding and is accessing all the wonderful opportunities we offer in school ... the effects of this on mental health and wellbeing can't be over-estimated. Miss Clark's most recent safeguarding assembly on why good attendance matters can be viewed [here](#). The over-riding message was that attending school every day is an investment in student's futures so let's continue to work together to provide our young people with the best life chances.

Attendance Strategy...

# SAFEGUARDING MATTERS

27

Harms outside the home ... during the period of adolescent development (10 – 25 years of age) children are increasingly exposed to potential harms outside of the home. These include harms caused through sexual and criminal exploitation; abuse in their own romantic, same-age relationships; sexual harassment and abuse from peers or adults unconnected to their families. Harms can also include weapon-enabled and street-based violence, although this is more commonly associated with adolescence than with earlier childhood. Such risks are all largely instigated by, or occur in, relationships with people beyond a child's parents or carers.

Early in September our designated safeguarding team are going to conduct a self-audit (what we do well and how we can be even better) around 6 guiding principles that support schools in enhancing their capacity as a safe and protective factor for children against harm. Safe and trusted relationships are the key foundations of effective work with children at risk of harm outside the home and we pride ourselves in the positive and trusted relationships we have with our young people. The 6 guiding principles are ...

- Communication ... listening, hearing and validating children's experiences
- Education ... developing knowledge identification and support around harm outside the home
- Inclusion ... sense of belonging and connection
- Understanding behaviour ... recognising emotions and regulation
- Community ... valuing community experiences building strong partnerships and collaboration
- Environment ... creating safe places and spaces

Parent/carers can improve their knowledge and understanding of these identified harms outside the home by accessing the vast amount of information and resources included in the website, that is specific to the East Midlands area ... <https://www.childexploitationeastmidlands.org.uk/>

The importance of the 6 guiding principles apply equally to parents/carers and schools in keeping our young people safe, happy and healthy. One example of information available on the website relates to vaping and associated risks ...

## VAPING RISKS

### Do you know what you are vaping?

Vaping was initially a harm reduction tool to quit smoking cigarettes.

However, many suppliers are selling vape oil that contain THC, an active component cannabis

Locally, some products advertised and sold as THC/CBD vapes have instead contained other more harmful substances, including Spice. BE CAREFUL WHERE YOU ARE GETTING YOUR OIL.

## SUPPORT

Turning Point are here to support young people who wish to stop or reduce vaping cannabis related products.

Some of the harmful elements that can be present in vaping THC include:

- Carcinogenic compounds: The vaporization can produce possible carcinogenic compounds that are triggered with heat.
- Heavy metals: Vape pens contain heavy metals that can break down over time.
- Fine elements: Although vaping e-juice does not undergo the process of combustion, it can still produce tiny particles that can ingest into the lungs directly.
- Harmful flavouring: These elements are made from strong chemicals like diacetyl that was found to be associated with serious lung diseases.

For support to reduce or quit vaping THC please contact us on the details below.
